12. Staff report on activities since the March 2008 Board meeting. This item will also include the opportunity for individual members to discuss any topics of interest relating to their specific county, i.e. how do others handle xxx, this is what we are doing xxx, State program/funding issues.

Members briefly discussed items of interest. **No action was taken.**
13. Presentation/Training/Discussion/Direction on the interactive process training by Jeanne Gravette. Possible discussion on future training/HR services along with, if approved, authorization for Executive Director to execute agreement or to add as a vendor to the Leadership Supervisor Training Program vendor list and/or HR consultant, with Jeanne Gravette.

Jeanne Gravette provided training on the interactive process with a general outline of the process and then interacted with the members on situations that have arisen in their jurisdiction. The Executive Director will discuss with Jeanne a possible agreement to provide HR services to individual members on an as needed basis.

No specific action taken.

14. Discussion/Action on performance evaluations of contractors possibly including, but not limited to: George Hills Company, HealthMetrics (hearing testing), Bragg & Associates, Claims Management Services (Mono TPA), Alliant Insurance Services, CSAC-EIA, defense attorneys, etc., evaluations may also be discussed during other agenda items that are specifically related to a particular vendor.

Comments were generally favorable. Issues related to CSAC-EIA were addressed in the on line evaluation for the Chief Executive Officer (CEO) and the organization, a group evaluation was done. Issues with the CEO revolved around the recent action of the PWC in approving a dividend and the National Expansion proposal. The feeling was that EIA top management is not responding to the needs of a member driven organization, but instead was attempting to drive the organization in a specific direction of larger is better. It also seems that when a member has a question that they contact Alliant and not EIA, why is that? Alliant is very responsive to our needs. Bragg has responded without hesitation to issues that have arisen. George Hills is doing a great job for us. Tom McKee’s services are good but the training program needs to be updated and revitalized to attract the attention of the member staffs, as Tom’s training is getting boring in the sense of going over the same thing time and time again.

The only specific action was the completion of the on line evaluation of the CEO and EIA.

15. Discussion/Action on continuing approval of agreement with HealthMetrics for hearing tests for 08-09 year and authorization for Executive Director to sign agreement.
Brief discussion, vendor is doing fine, existing agreement is still in effect, no action taken.

16. Discussion/Action on amendment to/evaluation of Safety Officer agreement to extend agreement through 6-30-2010 with a one percent (1%) increase effective 7-1-2008 and an additional two percent (2%) increase effective 7-1-2009.

Motion by Modoc, second by San Benito to approve the amendment to the agreement with the Safety Officer, unanimous vote.

17. Discussion/Direction/Action on update of the JPA & Bylaws, continuing discussion from the Nov 1/2, 2007 meeting.

Staff reviewed the proposed changes to the JPA and Bylaws with the Board. By consensus the documents are OK at this point. Staff will send a clean and a redline copy to each Board member which they will then provide to their respective county counsel for a 60 day review period. Comments by County Counsel must be received by Trindel no later than August 20, 2008. The Trindel Board will review any responses from the various County Counsels at the November 6/7, 2008 Board meeting and make any necessary changes. Members will present the revised JPA to their respective Boards of Supervisors for adoption no later than February 19, 2009. Once 6 member Boards of Supervisors have approved the JPA it will become effective at that time.

18. Discussion/Direction/Action on proposal from Gallina, LLP for a review and recommendation on developing better/alternative internal control procedures at a cost of $9,500.00 and authorize Executive Director to execute the proposal if approved.

No action taken. Staff will review the necessity of having an outside vendor do this when may be a small group of us, auditors probably, can most likely come up with the guidelines that we need to protect the organization and the staff.
